

The leading trade event for process,
drinking and waste water

AquaStage @ Aquatech Mexico

**Strengthen your authority in the industry
and generate leads**

PRESENT YOURSELF AT THE AQUASTAGE

The AquaStage constitutes a unique platform for knowledge exchange during Aquatech Mexico. The AquaStage will offer a programme of thematic mini seminars or workshops, free for all visitors.

Present yourself here to:

- Share your knowledge and expertise
- Strengthen your authority
- Gain brand recognition
- Drive traffic to your booth
- Increase sales leads
- Gain the confidence of key decision makers

EXPOSURE INCLUDES

Before show:

- Promotion of your presentation at www.aquatechtrade.com/mexico
- Promotion of your presentation in Aquatech visitor e-mailing (5,000+ records)
- Promotion of your presentation at Exhibitor Portal
- Promotion of your presentation via Aquatech social media

During show:

- Listing of your presentation in Aquatech Mexico show catalogue
- Announcement of your presentation at AquaStage Programming signage

NEED TO KNOW

The presentations can be scheduled multiple times per day, over one or more days of the exhibition. Each session is maximum 30 minutes (including 20 minutes presentation and 10 minutes for questions after your presentation). The AquaStage is located at the show floor and is open to all. Most attendees are Spanish speaking.

The stage features:

- 50-60 seats
- Audio-visual support (electronic presentation screen, projector, microphone and two speakers)
- Online & offline promotion of your presentation before, during and after the show

Session Times:

- Tuesday, September 3: 13.00 – 18.00 hours
- Wednesday, September 4: 13.00 – 18.00 hours
- Thursday, September 5: 13.00 – 18.00 hours

In today's world, water must be appreciated as a vital element that helps Mexicans to live in peace, to avoid conflicts and give security to all; it must contribute to social justice, so that all Mexicans have access to sufficient, readily available, high-quality water, and the opportunity to exercise their human right that is enshrined in Article 4 of the Mexican Constitution; it must be a force to reduce poverty in Mexico and promote people's wellbeing.
